## PREFACE

The Tuskegee University Fact Book is an annual publication of the Office of Institutional Effectiveness, Research, Assessment and Planning. This document is an update of information, designed to assist administrators, faculty, staff and other University constituents with statistical references about the institution. It assembles under one cover comparable information across a five year period.

The data collected and reported in the Fact Book are the official data for the University. As with any statistical data, those contained in the Fact Book are a snapshot of a single period in time.

Comments and suggestions are welcome as the Office of Institutional Effectiveness, Research, Assessment and Planning produce a document that meets the needs of the University community.

Dr. Preston                    th \* d t heY \*

## THE UNIVERSITY

Tuskegee University is an independent and state related institution of higher education. Its programs serve a student body that is coeducational as well as racially, ethnically and religiously diverse. With a strong orientation toward disciplines which highlight the relationship between education and work force preparation in the sciences, professions and technical areas, Tuskegee University also emphasizes the importance of the liberal arts as a foundation for successful careers in all areas. Accordingly, all academic majors stress the mastery of a required core of liberal arts courses.

Tuskegee University is located in Tuskegee, Alabama, which is 40 miles east of the Alabama State Capitol in Montgomery, Alabama, and 20 miles west of the city of Auburn, Alabama. It is also within easy driving distance to the cities of Birmingham, Alabama and Atlanta, Georgia.

The academic programs are organized into five colleges and three schools: (1) the College of Agriculture, Environment and Nutrition Sciences; (2) the College of Arts and Sciences; (3) the Andrew F. Brimmer College of Business and Information Science; (4) the College of Engineering; (5) the College of Veterinary Medicine; (6) the Robert R. Taylor School of Architecture and Construction Science; (7) the School of Education; and (8) the School of Nursing and Allied Health. The curricula for these colleges and schools currently offer over 50 degrees including 39 Bachelor's, 13 Master's, 2 Doctor's of Philosophy: one in Materials Science and Engineering, and one in Integrative Biosciences, and the Doctor of Veterinary Medicine.

Graduate instruction leading to the Master's degree and Doctor of Philosophy Degree is offered in some of the colleges and schools.

The University is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC); and the following programs are accredited by national agencies: Architecture, Business, Education, Engineering, Clinical Laboratory Sciences, Nursing, Occupational Therapy, Social Work, and Veterinary Medicine. Of special note is the fact that Tuskegee University is the only independent, historically black university with four engineering programs that are nationally accredited by the Accreditation Board of Engineering and Technology (ABET), the major accrediting body for the engineering sciences. Also, Tuskegee University's Chemistry program is one of only a few among Historically Black Colleges and Universities (HBCU's) that is approved by the American Chemical Society. Furthermore, the Dietetics Program is approved by the American Dietetic Association and the Food Science Program is approved by the Institute of Food Technologists.

Tuskegee University was the first black college to be designated as a Registered National Historic Landmark (April 2, 1966), and the only black college to be designated a National Historic Site (October 26, 1974), a district administered by the National Park Service of the U. S. Department of Interior.

Special features in Tuskegee University's program include: The General Daniel "Chappie" James Center for Aerospace Science and Health Education, honoring America's first black four star general who was a Tuskegee University graduate, and housing the nation's only Aerospace Science Engineering program at an HBCU; Media Center, School of Veterinary Medicine, with state of the art video up link and down link, intra school communications, audio/visual, graphics, photography and document production; The Kellogg Hotel and Conference Center, a state of the art hotel and meeting facility for educational, business and cultural events; The Tuskegee University National Center for Bioethics in Research and

Health Care, a distinctive research, teaching and outreach program that addresses issues of ethics and public policy in the treatment of people of color and rural Americans in health care.

Other special features which enhance the educational and cultural environment of the University include: The Booker T. Washington Monument, "Lifting the Veil," which honors the University's Founder; "The Oaks," home of Booker T. Washington; the George Washington Carver Museum, which is named for the distinguished scientist who worked at Tuskegee and preserves the tools and handiwork of Dr. Carver; the Legacy Museum and the Tuskegee Archives, a chief center for information on the challenges, culture and history of Black Americans since 1896; The Tuskegee Airmen's Plaza, commemorating the historic feats of America's first black pilots, who were trained at Tuskegee University; The Reserve Officers Training Corps (ROTC) Center, and the Center for Continuing Education – a nucleus for continuing adult education.

Over the past 135+ years since it was founded by Booker T. Washington in 1881, Tuskegee University has become one of our nation's most outstanding institutions of higher learning. While it focuses on helping to develop human resources primarily within the African American community, it is open to all.

Tuskegee's mission has always been service to people, not education for its own sake. Stressing the need to educate the whole person, that is, the hand and the heart as well as the mind, Dr. Washington's school was soon acclaimed first by Alabama and then by the nation for the soundness and vigor of its educational programs and principles. The solid strength has continued through the subsequent administration of Dr. Robert R. Moton (1915-1935), Dr. Frederick D. Patterson (1935-1953), Dr. Luther H. Foster (1953-1981) and Dr. Benjamin F. Payton (1981-2010). In August 2010, Dr. Charlotte P. Morris assumed the role of Interim President of the University. She is the first female to serve at the helm of Tuskegee University, and only the second Interim President for the institution. Dr. Gilbert L. Rochon served as the 6th president of Tuskegee University from November 1, 2010 to October 19, 2013. Dr. Matthew Jenkins served as Acting President from October 19, 2013 to June 14, 2014. Dr. Brian L. Johnson assumed the role of 7th President of Tuskegee University from June 15, 2014 until June 30, 2017. Dr. Charlotte P. Morris again served as Interim President of the institution beginning on July 1, 2017.

Tuskegee enrolls more than 3,000 students and employs approximately 800 faculty and support personnel. Physical facilities include more than 5,000 acres of forestry and a campus on which sits more than 100 major buildings and structures. Total land, forestry and facilities are valued in excess of \$500 million.

### **Vision Statement**

Tuskegee University will become a leading Carnegie Classified Master's Large institution of first choice for students through data informed, outcomes oriented and knowledge based 21st century higher education management.

## **MISSION STATEMENT**

Tuskegee University is a national, independent, and state related institution of higher learning that is

## UNIVERSITY LIBRARIES

Tuskegee University Libraries consist of the main library and departmental libraries in the College of Veterinary Medicine, Nursing and Allied Health and the College of Engineering, Architecture and Physical Sciences. The main library, built in 1932, is a fireproof, three story structure named in honor of the late Hollis Burke Frissell, second principal of Hampton Institute. In 2001, the building was renovated to reflect technological advances and the name was changed to the Ford Motor Company Library/Learning Resource Center.

Tuskegee University Libraries serve as the nucleus of information retrieval for faculty, staff, and students. The mission is to acquire, organize, and provide access to materials and technologies needed for educational programs of the University in teaching, research, and service. The collection in all libraries is comprised of approximately 310,000 volumes, including bound journals; current serial subscriptions total more than 1,500.

The Washington/Rare Book Rooms house a collection of primary and secondary resources of black materials. These include a sizable collection of abolitionist literature, publications by and about the Presidents of Tuskegee University and George Washington Carver. An extensive collection of pamphlets dealing with racial issues can also be found in the collection. The library has been a federal depository since 1907 and has a collection of more than 40,000 select government documents.

## GLOSSARY OF TERMS

**Academic year:** The period of time generally extending from August to May; usually equaled to two semesters (Fall and Spring).

**Accreditation:** The designation that an institution earns indicating that it functions appropriately with respect to its resources, programs, and services. The accrediting association, often comprised of peers, is recognized as the external monitor.

**Accrediting Agencies:** Private educational associations of regional or national scope, that develop evaluation criteria and conduct peer evaluations to assess whether an institution meets those criteria.

**Census Date:** The tenth day of the first full month of an academic semester. This date usually corresponds with the National Student Clearinghouse Report, ran by the Office of the Registrar.

**CIP Code:** The Classification of Instructional Programs (CIP) provides a taxonomic scheme that supports the accurate tracking and reporting of fields of study and program completions activity.

**Class Standing:** Determined by the number of student credit hours a student has accumulated (Freshmen 0-29; Sophomore 30-59; Junior 60-89; Senior 90 and over).

**Cohort:** A specific group of students established for tracking purposes. Frequently, it is a fall term's first time, full time, freshmen class.

**Commission on Colleges (COC):** The regional body for the accreditation of degree granting higher education institutions in the Southern states that award associate, baccalaureate, master and doctoral degrees. The COC accredits universities in Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Texas, Virginia, and Latin America. (SACSCOC)

**Course Level:** Noncredit Courses (1 - 99); Lower Level Courses (100 - 200); Upper Level Courses (300 - 400); Graduate Level Courses (600 - 700); Professional Courses (800).

**Degree:** An award conferred by a college, university, or other postsecondary educational institution as official recognition for the successful completion of a program of studies.

**Degree seeking Students:** Students enrolled in courses for credit and recognized by the institution as seeking a degree, certificate, or other formal award. High school students enrolled in postsecondary courses for credit are not considered degree seeking.

**Doctoral Degree:** The highest award a student can earn for graduate study.

**Fact Book:** The annual compilation of high level University data serving as a resource to internal and external stakeholders.

**Faculty:** Includes both full time and part time faculty and department heads employed by the institution.

**First time, Full time, Freshman Student:** A full time student attending any institution for the first time at the undergraduate level. Includes students enrolled in the fall term who attended college for the first time in the prior summer term.

**First time Freshman Student:** A student attending any institution for the first time at the undergraduate level. (full or part time). Includes students enrolled in the fall term who attended college for the first time in the prior summer term.

**First time Graduate, Degree Seeking:** A graduate degree seeking student who is enrolled in their first semester of graduate study.

**First time Professional Student:** A professional student in their first term of study.

**Integrated Postsecondary Education Data System (IPEDS):** A system of interrelated surveys conducted annually by the U.S. Department's National Center for Education Statistics (NCES). IPEDS gathers information from every college, university, and technical and vocational institution that participates in the federal student financial aid programs. The Higher Education Act of 1965, as amended, requires that institutions that participate in federal student aid programs report data on enrollments, program completions, graduation rates, faculty and staff, finances, institutional prices, and student financial aid. These data are made available to students and parents through the College Navigator college search Web site and to researchers and others through the IPEDS Data Center.

**Intern:** A person who has earned a Doctorate in Veterinary Medicine that have primary case responsibility on most services, but will work under the direct supervision of board certified faculty. Internship programs are designed to prepare interns for residency training in a clinical specialty, admission to a graduate program, or entrance into a high quality private practice".

**Junior:** A student who has accumulated 60–89 credit hours.

**Lecturer:** Non tenure track faculty on term contracts.

**Master's Degree:** An award that requires the successful completion of a program of study of at least the full time equivalent of one but not more than two academic years of work beyond the bachelor's degree.

**Mission statement:** Explains why a program, department, or institution exists and identifies its purpose. It articulates the organization's essential nature, its values, and its work and should be aligned with institutional mission.

**Native Hawaiian or Other Pacific Islander:** A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.

**Non degree seeking Student:** A st
